Interview Report :

- + Company Name: Chum Power
- + Address: No.688-1, Sec. Zhongshan Rd, wuri Dist, Taichung City 414, Taiwan
- + Website : www.chumpower.com Email: contact@chumpower.com
- + Contact Details : +886-4-23388289
- + Manufacturer of : Dual-axis pet molding machine, one stage series, L series, phoenix series, W/L series

+ About Company :

Mr. William Yang founded CHUMPOWER MACHINERY CORP. in 1981, which had a team with excellent innovation capacity and productivity. By 1994, CHUMPOWER developed the first fully automated PET blow molding machine in Taiwan, as well as the first high-speed, fully electric, linear PET blow molding machine in Asia. With 35 years of development, CHUMPOWER has become the largest PET blow molding machine manufacturer in Taiwan, becoming a leading brand that accounts for 85% of the PET blow molding machine exports. Over 3000 PET blow molding machines from CHUMPOWER are sold to more than 103 countries around the world, making it the second largest two-step PET blow molding machine manufacturer in the Asia Pacific region.

- ❖ PET Specialist Over 3000 blow moulding machines are sold around the world, offering leading designs, efficient and stable quality machines.
- ❖ Over 3000 machines are sold to more then 103 companies. Annual 2.28 trillion PET bottles are produced.

SAMYAK BAZZAR PVT. LTD,

POLYMER BAZAAR

Price | Prediction | Profit

- ❖ With twenty years of effort, the dual-axis PET blow molding machine exclusively made by Chumpower has been developed into a highly productive and multi-functional machine that can completely answer the industrial demands of bottle manufacturing in both Taiwan and overseas.

One Stage Series

- ❖ High Quality Assurance
- ❖ One-stop production machine
- ❖ Specially designed and developed for small volume diversified production and special bottle designs.
- ❖ Finished products with glossy, complete, and untarnished appearances. Suitable for high-priced and high quality bottle production.
- ❖ Fulfilling all bottle requirements with just one machine.
- ❖ Removal of the two-stage heating, can save up to 40% electricity.

Phoenix Series

- ❖ PET Stretch Blow Molding Machine
- ❖ Reasonably priced and high stability
- ❖ Ease of operation and maintenance
- ❖ Pneumatic/hydraulic molding group (Depending on machine model)
- ❖ Fully electric machine models are optional.
