- ✚ Fu Chun Shin Machinery Manufacture Co., Ltd. (FCS) was founded in 1974. The name came from a lathe factory which Mr. Po Hsun Wang, the Chairman co-founded with his brothers at Fu Chun Road, Tainan, Taiwan. In 1978, FCS was successfully transformed into plastic injection molding machine manufacturer. In 1991 FCS moved to present location Guanmiao, to establish a global operation headquarters in response to the expanding scope of business, and so far it has set up two factories in Dongguan and Ningbo, mainland China. To pursue the better operational efficiency, in 2004, FCS received emerging stock approval from the Over-the-Counter Securities Exchange and becomes the only publicly traded professional injection molding machine manufacture in Taiwan.

- ✚ **Current Challenges:**

New FCS contains our self expectation, and our promise to customers. With the new spirits, FCS is resolved to practice our business philosophy: "Fast response", "Customer oriented", and "Service differentiation", giving all customers a brand new image, and striding proudly ahead.

- ✚ **Company Philosophy & after sale service:** FCS Group is implementing a philosophy to create high value added products, and to integrate the business strategies of globalization and diversification.

- ✚ Interviewed by: Mr. Bhavin Vora
- ✚ Date : 22<sup>nd</sup> March 18
